Student's & Family's Proposed Payment Toward College Cost. Your education at Gutenberg College will entail a significant sacrifice in charitable contributions of money and time from individuals, foundations, and faculty of the college. We therefore anticipate that you and your family will make an equivalent sacrifice and be generous in determining how much you all are able to pay toward the cost of your education. We expect that most students will find it necessary to borrow on a student loan at times. Our goal, however, is for every student to graduate with as little debt as we can achieve working together. In this spirit, please supply the information requested on this form.

After providing for your room and board, health care, clothing, travel, and personal expenses, how much will you and your family contribute toward your yearly tuition and fees? \$_____ **(Please complete the family information on page 2.)**

Explanation and Special Circumstances. On a separate sheet, explain why the contribution amount you noted is a good faith effort on your/your family's part to do as much as you can to cover the cost of your education. Also explain any circumstances that those considering your application should know, such as unusual medical expenses, abrupt recent change in income, debts, unusual child or elder-care expenses, or other unusual circumstances.

Certification. We certify that all information on this form is true and complete to the best of our knowledge. If asked by an official of the college, we agree to give proof of the information we have given on this form. We realize that failure to do so may result in the student not receiving financial aid. The student agrees to permit Gutenberg College to discuss matters relating to this application with the parents/guardians listed in this application.
